

## NOT ALL WIRELESS DEALERS ARE CREATED EQUAL

**“Workforce Productivity” “Return on Investment” “Cost Savings”**

You don't typically hear these phrases from your wireless dealer. Why? Because they're not focused on business. Preston Mobility is different.

### **Preston Mobility**

Metro Vancouver's only full-service wireless business solutions dealer, we make it our business to know your business. That means we're focused on customizing solutions to help you run your business in the most efficient and cost effective way possible. After all, your bottom line is our bottom line.

### **Focus on Business = Real Savings**

Perhaps you'll become one of our next customers saving an estimated combined \$1,000,000 - or 37% on average over their previous wireless costs.

### **Start Saving - Get a Free Business Consultation**

**DON'T LET YOUR  
WIRELESS DEALER  
LEAVE YOU STRANDED**

## **\$1,000,000 in Savings.** That's how Preston Mobility Means Business.

At Preston Mobility, our focus is your business. Just ask our customers across the hospitality, entertainment, legal, security, shipping and manufacturing industries. We estimate saving them a combined \$1,000,000. That's an average of 37% more than their previous wireless costs.
